

PENINSULAR WELCOME — The George Eubele family is greeted by William C. Kulow, right, of Grandview Palos Verdes, as they arrive for a "Meet Your Neighbor" party welcoming new residents of the peninsular development. Over 100 families attended the affair sponsored by the Grandview Palos Verdes Women's Club at the new Community Center.

Torrance Realty Board Opens 2nd Annual Seminar

Torrance-Lomita Board of Realtors will start its second annual salesman seminar Tuesday evening, March 6, according to Lee Dawson, chairman of the Educational Committee.

Dawson announced the 1962 Seminar theme would be "Learn More to Earn More in '62." The seminar will be held for six weeks at the new Torrance-Lomita Board Hall, one of the largest of such board facilities in the state, located at 22833 Arlington Blvd.

"The educational seminar is held yearly," Dawson said, "in response to needs created by the unusual growth of the board the past three years. The educational committee has planned a program designed to promote more effective real estate services to the community with high emphasis placed upon a responsible and ethical approach to the work. It provides local evidence of the strong trend toward higher professional standards and requirements for real estate. At the conclusion of the course members who qualify by attendance and tests will receive certificates of achievement."

The seminar is only a part of a continuing program of education in which members participate. Bi-monthly meetings feature qualified speakers.

Working on the committee with Chairman Dawson are: George Harbour, James Bruno, Gen Norman, Don Mario, Chuck Colsch, Hazel Colsch, Jack Hansley, Mary Burgess, and many others. The committee has engaged many other qualified speakers including George Powell, former Torrance planner, President Jack Schmidt of the board urges all members of the board and others to attend and be welcome on Tuesday night at 7:30, March 6.

TORRANCE ENTRY — Jo Kay Louvier 16, a junior at South High School, represented the city of Torrance at the "Teenage Miss of the Year" competition held recently in Inglewood. Contest was sponsored by the Marina District CFWC, junior division. Shown discussing the competition with the local entry is Jean Clawson, contest judge and member of the Torrance Junior Women's Club.

County Approves \$11,600 Allocation for 213th St.

Construction of an \$11,600 road improvement project on 213th St. from Main St. to west of Dolores St. was approved this week by county authorities.

According to the officials pavement will be reconstructed to improve the grade. The project will also include construction of a concrete cross-flow gutter and a curb return at Shearer Ave.

It was explained that recent subdivision activity in this area has caused an appreciable roadway grade change and added drainage problems.

"Increased usage and recent rains have added to the deterioration of the existing pavement, and the proposed construction of a County Park near Bolsa St. will bring additional traffic into the area," they said.

It was also disclosed that 208th St. from Vermont Ave. to Hamilton St. will soon be scheduled for paving improvements by the county road department. The board this week allocated \$7200 for this project to supplement an initial authorization of \$3800 last year.

Freeway construction in the area has caused considerable pavement failure. The new paving will be of increased thickness and will be widened to join with existing curb and gutter.

Officials said new highway safety lighting is now in operation at the intersection of Broadway and Main Sts. This was installed in conjunction with the construction of a bridge over Dominguez Channel on Main southwest of intersection.

Torrance Police Department Launches Drive to Light Homes; Notes Small Cost

As of March 1, one of the most important crime prevention programs ever to pervade the field of law enforcement has begun.

Torrance Police Department, cooperating with the Los Angeles County Sheriff's Department, has launched a program designed to light every building in Torrance, as well as the county, during all hours of darkness. From March 1, until the end of the year, newspapers, radio stations, and television channels will be echoing the campaign slogan, "Burn a Light at Night." Support is flowing in from civic leaders as well as civic organizations.

Chief Percy Bennett, in announcing the program, stated that its sheer simplicity may be one of the biggest roadblocks: "Our records in Torrance, as well as other law agencies throughout the nation, indicate that the incidence of crime rises sharply during the hours of darkness. Unlighted residential or business areas are prime targets for burglars, rapists, and thieves. Trespassing and acts of malicious mischief are commonplace in darkened areas."

SAFER
"Our answer is this: a lighted home, coupled with adequate exterior lighting—streetlights or even porchlights if need be—is a far safer place to live. We well know there is no substitute for sufficient personnel to provide adequate police protection. But, the average citizen can make himself far

less 'crime prone' by spending a penny a day to protect his family, his home and himself.

"Light up your residence. Use your own good judgment in choosing a strategic location. Be alert to the relative lack of effectiveness which a lighted lamp may have, if anyone viewing your home from the outside is able to see inside. The light must be seen from the outside, but don't allow a 'peeping Tom' or a potential

burglar to be able to see into your home."

"Light" program the Torrance Police Department is sponsoring is not aimed solely at residential areas. Business establishments and industrial plants are also targets for criminal acts. Statistics bear out the fact that no matter what the location may be, light discourages crime. Nearly three-fourths of this country's murders, assaults, rapes and muggings occur after dark.

Five Area Youths Finalists for Edison Award

High school students from this area qualifying as quarterfinalists in the competition for Southern California Edison Company college scholarships were announced today by G. L. Blanchard, Edison district manager.

Reaching the quarter finals from the local area are: Healy, Robert Grogan, 1601 El Prado, Torrance; Williams, Ronald J., 2043-255th Street, Lomita; MacDonald, James, Manhattan Beach; Miller, Gregory Alan, Manhattan Beach.

Winners of Edison scholarships will receive \$1,000 a year for four years toward tuition and expenses. The private college or university they attend will receive a collateral grant of \$750 per year, Blanchard said.

The quarter-finalists were selected from among 1,000 applicants. Educational Testing Service based the selection of quarter-finalists on the students' score ranking in the Scholastic Aptitude Test of the College Entrance Examination Board.

Blue and Gold Dinner Shared by Torrance Boy Scout Pack 948-C

Torrance Cub Scout Pack 948C recently held their Blue and Gold Dinner at the Western Club in Gardena.

New Pack officers were installed for 1962 and outgoing officers received congratulations for the job they have done during the past year.

Scouts receiving award were: Chris Roller, wolf badge and gold arrow; Billy

Crawley, assistant denner; Bob Burnett, silver arrow for the bear badge; Steven Nady, lion badge and gold arrow, and silver arrow on bear badge.

Steve Ducommun and Mark Hibbert were awarded their Webelos badge and then graduated to boy scouts. Cubs of the month were John Opalinski and Mike Monahan.

TRAFFIC CONTROL

The Automobile Club of Southern California points out that traffic control begins behind the wheel of your car. The discourteous driver who tries to get away with something in traffic too often succeeds only in hurting himself and innocent victims. Common courtesy pays off in safe driving.

CHANGE TIRE

Always pull completely off the highway or freeway when you stop to change a tire.
